INFORMATION DISCLOSURE STATEMENT

Applicants submit herewith the references listed on the attached form PTO 1449, copies of which are enclosed. The submission of this statement is not a representation that a search has been made, or that no better art exists. This submission is also not an admission that any of the cited references is, or is considered to be, material to patentability or that any of the cited references constitutes prior art to the invention.

This statement is being filed before the receipt of the first office action. Accordingly, no fees are believed to be due at this time.

Applicant reserves the right to take appropriate action to establish the patentability of the disclosed invention over the listed documents, should one or more of the documents be applied against the claims of the present application. If it should be determined that any of the listed documents do not constitute prior art under United States law, Applicant reserves the right to present to the Officer the relevant facts and law regarding the appropriate status of such documents.

It is respectfully requested that the Examiner initial and return copies of the enclosed form PTO-1449 with the next Patent Office communication.

No additional fees are believed to be due in connection with this submission. However, please apply any additional charges, or credit any overpayment, to our Deposit Account No. 08-0219.

Respectfully submitted,
HALE AND DORR LLP
